TO KILL CHRISTIANS

(By Associated Press.)

LONDON, November I.—Special dispatches to this morning's London newspapers represent the condition of affairs in Russia as being extremely grave, especially in the provinces.

The correspondent of the Daily Mail at Kleff, in a dispatch dated November 1st, says:

"The governor-general has resigned because he was not permitted to take strong measures to prevent the riots. A dispatch to a news agency from Odessa describes that city as having experienced a dreadful day, the defenseless populace being at the mercy of a howling and armed rabble of 50,000 men, "calling themselves loyalists and led by disguised policemen and their wretched dupes." The Jews made a stout resistance, and their successful bravery entailed lamentable sacrifices. Towards noon, when the quay was a solid mass of workmen and demenstrators, a squadron of Cossacks charged, using their swords and the flats of their sabres. They drove the crowd pell-mell along the river front. Several persons were injured by being trampled upon.

The most enthusiastic meeting of the campalign was held at the Academy of Music to-night, when Hon. Claude A. Swanson and Hon. J. After belag introduced by Hon. L. P. He laughed at the assertions of the Republicans that the recent primary fight made discord in the Democratic ranks, declaring that there had been no fight, and that the party had merely chosen its standard-bearers to lead the right against the enemy.

The speaker discussed the various is suce which have arisen during the campaign, giving especial attention to the claim of the Republicans that they are "regenerated," etc. The Republican party, he declared, can never he regenerated in Virginia under the leadership of Colonel Slemp and the old gain which made Republicans mobiologies.
